## Opgave 6: show review

(4 pt ▶ 2 pt per antwoord)

Lees de recensie en kruis het juiste antwoord aan.

**Rock on!!**

I only went to see the show because my friend gave me a ticket. To be honest, musicals are not my thing, but this wasn't a typical musical. It was like a rock concert with a story. Actually, I thought it was really good even though it had some strong language in it. The musical told the true-life story of a rock band. It criticised the music business and showed how hard it is for a band to succeed. It was very emotional but there was a happy end. I think the musical had a great message. Don't miss it! Definitely worth going to!

Which opinion best matches the review?

- The show was worse than I expected.  
 The show was better than I expected.

Which statement best matches the review?

- I think it was really good. It was very critical but optimistic at the same time.  
 I didn't really like the show, but it had a good message in the end.  
 There was too much strong language in my opinion.
